

D-GALACTOSE, LBLE-LEI, EP, BP, NF, GMP, Plant Derived

Low Bioburden, Low Endotoxin, Low Elemental Impurities, EP, BP, NF, GMP Manufactured, Excipient Grade Product

INTENDED FOR USE AS AN EXCIPIENT

D-Galactose, Plant Derived is intended for use upstream and downstream in biological drug manufacturing processes. For this purpose, BioSpectra has categorized our product as an excipient though one of the primary functions is to be used as a nutrient in mammalian cell culture media.

Given the sensitivity of these cells in regard to growth, BioSpectra's D-Galactose is manufactured to meet high purity specifications and low bioburden and endotoxin demands.
