## Pest Control Statement

BioSpectra adheres to the Pest Control SOP as identified in DCN: BSI-SOP-0048. This Pest Control Program is designed to keep buildings and building perimeters, free of infestation by rodents, birds, insects, and other vermin through the inspection of the buildings, grounds, and the use of any physical or chemical devices. BioSpectra's Pest Control Program has been developed with the intent of keeping BioSpectra sites free of pest infestation which represents a health hazard that is in violation of OSHA and FDA regulations. This applies to all BioSpectra manufacturing and warehousing facilities.
