

Trehalose, Dihydrate

Safety Data Sheet

According to Regulation (EC) 1272/2008

Issue Date: 03/19/21

SECTION 1 - Chemical Product and Company Identification

1.1 Product Identifiers

Product Name: Trehalose, Dihydrate

CAS#: : 6138-23-4

Product Code TE3250, TE3251, TE3252, TE3253, TE7251

EC #: : 202-739-6
RTECS #: : Not Available
REACH Registration Number : Not Available

1.2 Recommended Use of the Chemical and Restrictions of Use

Chemical manufacturing

1.3 Supplier Details

BioSpectra, Inc. 100 Majestic Way

Supplier Bangor, PA 18013

T: 610.599.3400 ra@biospecta.us

1.4 Emergency Numbers

US & Canada: 1-800-424-9300

Emergency number:

Outside the US & Canada: +1 703-527-3887

SECTION 2 - Hazard Identification

2.1 Classification of Substance or Mixture

Not classified as a hazard per GHS & Regulation (EC) 1272/2008

2.2 GHS Label Elements Including Precautionary Statements

No information available

2.3 Hazards not Classified or not Covered by the GHS

No information available

SECTION 3 – Composition, Information on Ingredients

ssification Concentration
Hazardous 98-100%
ot

Synonyms α-D-Glucopyranosyl-α-D-glucopyranoside

 EC Number
 202-739-6

 CAS Number
 6138-23-4

 Molecular Formula
 C₁₂H₂₂O₁₁₋₂H₂O

 Molecular Weight
 378.33 g/mol

SECTION 4 – First Aid Measures

4.1 Description of Necessary First Aid Measures

Eyes	Flush eyes with plenty of tepid water for at least 15 minutes, occasionally lifting	
	the upper and lower lids. Remove contact lens, if present and able to do so.	

Contact and lower has. Remove contact tens, if present and able to

Contact a physician if irritation develops.

Skin : Flush with plenty of tepid water for at least 15 minutes. Contact a physician if

irritation persists.

Ingestion

Rinse mouth with water. DO NOT induce vomiting, unless instructed to do so. Contact a physician

Inhalation

: Remove from exposure to fresh air immediately. If not breathing, give artificial respiration. If breathing is difficult, give oxygen and contact a physician

4.2 Most Important Symptoms/Effects, Acute and Delaved

Refer to Section 2.2 for Precautionary Statements

4.3 Indication of Immediate Medical Attention and Special Treatment

Treat symptomatically and supportively.

SECTION 5 - Firefighting Measures

5.1 Extinguishing Media

Water spray, dry powder, foam, or Carbon Dioxide

5.2 Specific Hazards Associated with this Chemical

Carbon Oxides

5.3 Special Fauinment/Precautions for Firefighters

As with any fire, wear self-contained breathing apparatus pressure-demand, NIOSH (approved or equivalent) and full protective gear.

5.4 Other Information

As with most organic solids, fire is possible at elevated temperatures or by contact with an ignition source. In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode. Explosion will appear as fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.

SECTION 6 - Accidental Release Measures

6.1 Personal Precautions, Protective Equipment and Emergency Procedures

Use Personal Protective Equipment as indicated in Section 8. Ensure adequate ventilation, avoid breathing dust. Avoid dust formation.

6.2 Environmental Precautions

Do not allow to enter drains

6.3 Methods and Materials for Containment and Cleaning Up

Remove all sources of ignition. Clean up spills in a manner that does not disperse dust into the air. Use non-sparking tools and equipment. Reduce airborne dust and prevent scattering by moistening with water. Pick up spill for recovery or disposal and place in a closed container.

6.4 Other Information

Refer to protective measures listed in Section 8 & 13.

SECTION 7 - Handling and Storage

7.1 Precautions for Safe Handling

Provide appropriate exhaust ventilation at places where dust is formed.

7.2 Conditions for Storage Including any Incompatibilities

Store in a cool, dry, well-ventilated area away from incompatible substances. Keep containers tightly closed.

7.3 Other Information

No additional information available.

SECTION 8 - Exposure Controls, Personal Protection

8.1 Control Parameters

Contains no substances with occupational exposure limit values

8.2 Engineering Controls

Local exhaust is recommended to keep employee exposures as low as possible.

8.3 Personal Protective Equipment

Eyes

Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.

Skin

Wear appropriate protective gloves to prevent skin exposure. Wear impervious gloves.

Clothing

Wear appropriate protective clothing to prevent skin exposure

Respirators

Where protection from nuisance levels of dusts are desired, use type N95 (US) or P1 (EN143) dust masks. A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements or European Standard EN 149 must be followed whenever workplace conditions warrant a respirator's use.

SECTION 9 - Physical and Chemical Properties

Physical State : Solid

Appearance White Crystalline Powder

Odor : Odorless

pH 4.5-6.5 @ 10% aq sol

Vapor Density

Viscosity

Not Available

Not Available

Not Available

Solubility 50 g/L in Water (insoluble in ether)

SECTION 10 - Stability and Reactivity

10.1 Chemical Stability

Stable under normal temperatures and pressures.

10.2 Conditions to Avoid

Excess heat, dust generation, ignition sources, and incompatible materials

10.3 Incompatibilities with Other Materials

Strong oxidizers

10.4 Hazardous Decomposition Products

Not Available

10.5 Hazardous Polymerization

Will not occur.

SECTION 11 - Toxicological Information

11.1 Toxicological Effects

LD50/LC50 Oral, rat : Based on available data, the classification criteria are not met Carcinogenicity : Based on available data, the classification criteria are not met Epidemiology : Based on available data, the classification criteria are not met

Teratogenicity Reproductive Effects Neurotoxicity Mutagenicity

Based on available data, the classification criteria are not met Based on available data, the classification criteria are not met Based on available data, the classification criteria are not met

Based on available data, the classification criteria are not met

Other Studies No Information Available

11.2 Additional Information

To the best of our knowledge the associated physical, chemical and toxicological properties of this chemical have not undergone thorough investigation, all known information is contained in this SDS.

SECTION 12 - Ecological Information

12.1 Ecotoxicity

Based on available data, the classification criteria are not met

12.2 Persistence and Degradability

No information available

12.3 Bioaccumulative Potential

No information available

12.4 Mobility in Soil

No information available

12.5 Results of PBT and vPvB assessment

This substance is not considered to be persistent, bioaccumulating nor toxic (PBT).

12.6 Other Adverse Effects

No information available

SECTION 13 - Disposal Considerations

Dispose of in a manner consistent with federal, state, and local regulations.

SECTION 14 - Transport Information

Regulations	US DOT	IATA	IMDG	ADR
Shipping Name	Not a Dangerous Good			
Hazard Class		Not a Dangerous	Not a Dangerous	Not a Dangerous
UN Number		Good	Good	Good
Packing Group				

SECTION 15 - Regulatory Information

15.1 EHS Chemical Specific Regulations

SARA:

Section 302

Section 313

SARA 311/312 Hazards

STATE SPECIFIC:

Massachusetts Right To Know Components Pennsylvania Right To Know Components

New Jersey Right To Know Components California Prop. 65 Components

- No components exceed the threshold reporting levels established by SARA title III, Section 302
- No components exceed the threshold reporting levels established by SARA title III, Section 313
- None known
- No components are subject to the Massachusetts Right to Know Act.
- No components are subject to the Pennsylvania Right to Know Act.
- No components are subject to the New Jersey Right to Know Act.
- This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm

SECTION 16 - Additional Information

16.1 Hazard Ratings

	NFPA Rating	
Health hazard	1	
Fire Hazard	1	
Reactivity Hazard	0	

HMIS Classification				
Health hazard	1			
Flammability	1			
Physical Hazards	0			
Personal Protection	E			

The information conceived in this Safety Data Sheet is only a representation of what BioSpectra has found to be accurate based on the current information that is available in regards to this compound. BioSpectra makes no our not, expressed or implied with respect to such information and therefore assumes no hability resulting from product usage. It is strongly recommended distributed from their own investigations to determine the accuracy and standbirty of the information for their specific purposes. In no war will BioSpectra assume hability for any relating losses, duringes to an intired party any lost profits of any special indirect incidental consequential or exemplary duringes that may arise, event if BioSpectra has been additised of the possibility of such damages.
