

## **BioSpectra International announces the acquisition of Six Legacy Global Raw Material Suppliers for Critical Life Science Products**

***BioSpectra is acquiring six of its most critical raw material suppliers to bring Industry leading supply chain security to its customer base. The manufacture of Tris, Tris HCl, MOPS, MES, HEPES, Dextran Compounds and many more materials are now vertically integrated into one of the most trusted Regulatory Systems in the Life Science Industry.***

Wind Gap, PA, September 15, 2025 – Today, on the 30th Anniversary of BioSpectra, Inc., the BioSpectra Organization (The Organization), a leading global Manufacturer and Supplier of Life Science Chemicals, announced that BioSpectra International, Inc. is acquiring, for the benefit of The Organization, six of BioSpectra, Inc.'s. most critical business partners and highly valued suppliers of raw materials to create a new global standard in supply chain security, transparency and sustainability.

BioSpectra International's acquisition of Dextran Products Limited (DPL), Jinhua Qianjiang Fine Chemical Co., Ltd. (QFC), Shandong Xingzhilian Bio-Technology Co., Ltd. (XZL), Shandong Cenchem Co., Ltd. (SCC), Changzhou Peicheng Import and Export Co. Ltd. (CPI) and Anhui Peicheng Pharmatech Co., Ltd. (APP) (formerly Changzhou Welton) creates one of the largest Vertically Integrated Supply Chains for Biological Buffers and Life Science Ingredients.

Richard Mutchler, Chief Executive Officer of The Organization, said, "With these strategic acquisitions, BioSpectra will become the only privately owned and operated, vertically integrated, FDA Registered and Inspected, synthetic manufacturer of Tris and Tris derivatives, critical Zwitterionic Buffers, Dextran Compounds and other critical Life Science related products. This will allow our Global Customer Base to have unprecedented choices in Quality, Compliance, Cost, Security and Sustainability without changing any of our qualified sources."

### Synopsis of Acquisitions

- The Acquisition of **Anhui Peicheng Pharmatech Co., Ltd. (APP / Chuzhou City, Anhui Province)** after more than 25 years of business collaboration, brings BioSpectra's legacy Raw Material supplier of Tris into The Organization. It also provides Industry leading Catalytic Hydrogenation capability.
- The Acquisition of **Changzhou Peicheng Import and Export Co. Ltd. (CPI / Changzhou City, Jiangsu Province)** after more than 25 years of business collaboration, provides the historical expertise and systems used to manage and operate the business of APP.
- The Definitive Agreement to acquire **Shandong Xingzhilian Bio-Technology Co., Ltd. (XZL / Zibo City, Shandong Province)** after more than 20 years of business collaboration, provides globally recognized manufacturing of the finest Zwitterionic Biological Buffers available today. It also provides Industry leading Sulfonation capability and capacity.

- The Definitive Agreement to acquire **Shandong Cenchem Co., Ltd.** (SCC / Zibo City, Shandong Province) provides the historical expertise and systems used to manage and operate the business of XZL.
- The completion of the acquisition of **Dextran Products Ltd.** (DPL / Scarborough, Ontario), **Polydex Pharmaceuticals Limited** (PPL / Scarborough, Ontario) and **Chemdex Inc.** (CDI / Lenexa, Kansas) after more than 15 years of business collaboration, completes The Organization's plan to manufacture and supply Targeted Molecular Weight Dextran's, Dextran Sulfates and related Dextran Compounds to The Organization's customers.
- The Acquisition of technology, manufacturing equipment, testing assets and historic business systems related to **Jinhua Qianjiang Fine Chemical Co., Ltd.** (QFC / Jinhua City, Zhejiang Province) after more than 25 years of business collaboration, brings Industry leading expertise in the synthesis and purification of Guanidine HCl and Guanidine Derivatives.

The BioSpectra Organization: BioSpectra International Inc., BioSpectra Inc., BioSpectra Canada, Inc., Dextran Products Ltd., BioSpectra (Jiangsu) Bio-Pharma Co., Ltd., Anhui Peicheng Pharmatech Co., Ltd., Changzhou Peicheng Import and Export Co., Ltd., Shandong Xingzhilian Bio-technology Co., Ltd., Shandong Cenchem Co., Ltd., Chemdex Inc., and all other companies in The Organization are 100% privately owned by Mr. Richard Mutchler.

The Leadership Team of The BioSpectra Organization operates a group of companies that provide the safest, highest quality, and most sustainable chemicals for the Life Science Industry utilizing over one million square feet of GMP Manufacturing, Operational, Laboratory and Warehouse space around the world. The BioSpectra Organization maintains Global Leadership in Catalytic Hydrogenation, Sulfonation, Chlorination, Fermentation and many other chemistries essential to the Life Science Industry.
